

FREE TO ATTEND WORKSHOP PROGRAMME (WAMPEX LEARNING ACADEMY)

DAY 1: WEDNESDAY, 1 JUNE 2022	
11h00 – 12h00	<p>How will mines of the future reduce their carbon emissions – AVOID, ELIMINATE, REDUCE, OFFSET</p> <ul style="list-style-type: none"> • <i>Discover options to adopting clean energy technologies and solutions</i> • <i>Learn the future Mining’s role in the transition to a clean energy</i> • <i>Gain valuable knowledge on improving efficiencies and reducing energy consumption</i> • <i>Find out about game changing technologies and innovations</i> <p>SPONSORED BY</p> 
14h00 – 15h00	<p>Afternoon Workshops To be PRESENTED BY PRECIOUS MINERALS MARKETING COMPANY</p>
1h00 – 12h00	<p>Mine safety – how to mitigate risks and protect both workers and mines</p> <ul style="list-style-type: none"> • <i>Understand mine workers exposure to carcinogenic dust – measured exposure levels and raising awareness within the organisation</i> • <i>Hear about regulations, standards, (or the absence of), and the use of industry standards such as NIOSH as best practice or guidelines.</i> • <i>Calculate the financial and social risk of not protecting your workforce</i> • <i>Learn easy mitigation techniques and the development of appropriate measures/guideline</i> <p>SPONSORED BY</p> 
14h00 – 15h00	<p>Automation and digitalization for increased efficiency</p> <ul style="list-style-type: none"> • <i>Discover automation and digitalization for increased efficiency and more targeted mining operations</i> • <i>Keep up with technological advances - enabling mines to operate efficiently</i> • <i>Learn how to improve safety and productivity through increased automation</i> • <i>Understand the future mining workforces - how technology is shaping production and people-related ecosystems</i> • <i>Drive the minimizing the impact on the environment throughout the life of a mine</i> <p>SPONSORED BY HEXAGON, OFFICIAL TECHNOLOGY PARTNER</p>
